Dear Parents:

The Guidelines for physical examinations of students have changed as per New Jersey administrative Code, Title 6a. The following guidelines will be in effect July 1, 2002

Each student's medical examination shall be conducted at the medical home (Family doctor) of the student, and a full report sent to the school. If a student does not have a medical home, the district shall provide this examination by the school physician. This will include all **new students entering the school district**.

For new students entering the school district, this exam must be done no more than 365 days prior to the entry and must state what, if any, modifications are required for full participation in the school program.

Please have this physical completed on the attached form and return to the school nurse or provide a copy of your child's previous physical.

Feel free to contact me at the nurse's office if you have any questions regarding this policy.

Sincerely,
Cheryl Cantwell RN, CSN, MSN
School Nurse

Complete the form below and return to the nurse's office as soon as possible.

Please check the applicable response:

_____ I will have this physical completed by our family physician - Appointment is on _____.

_____ I am trying to establish with a local physician and will contact you when an appointment is scheduled.

_____ I am unable to have this physical completed and will need to have my child examined at school by the school physician.
