

Ocean City School District Preschool Program

About our Program:

- ❖ Full day program, as mandated by the NJDOE, Department of Early Childhood Education. We follow the district calendar.
- ❖ Attendance Counts! Early childhood education is a vital first step in our students' learning, and it is something that we all must continue to prioritize.
- ❖ Each class has a maximum of 15 students.
- ❖ Breakfast and Lunch are offered *Family Style* in an effort to promote language acquisition, social skills, and character education.
- ❖ The typical preschool day contains a balance of small-group and whole-group activities, including fine and gross motor skill development, and student choice work, while allowing ample time for daily routines.
- ❖ The Creative Curriculum, a research based program helps children learn through studies; hands-on, and project based investigations.

Investing in our children's early development is an effective way to build a foundation for early literacy, critical thinking, problem solving, and a future of success!
