

Prepare for Consistency & Uniformity

- This plan will encompass all three OCSD Schools to utilize the same Cleaning Procedures consistently with the same Custodial Equipment, Chemicals, Materials, and Supplies.

Equipment

- Clorox Total 360 Machine – utilizes an electrostatic principle to engulf entire surface with a disinfectant chemical. Daily application in High Traffic Areas with High Touch Surfaces (Weight Rooms & Locker Rooms). OCSD school bus application after each trip. All other areas on a monthly schedule or when needed. **Refer to High Touch Surface Examples.**
- Kaivac No-Touch Cleaning Machine – one step Restroom cleaning. Daily disinfectant application utilizing specified cleaning procedures in all Restrooms.
- Handheld sprayers to apply Disinfectant Chemicals daily on all High Touch Surfaces (Trigger spray bottle and or Victory Cordless Electrostatic Sprayers). **Refer to High Touch Surface Examples.**
- Odorox Hydroxyl Processor Air Cleaning Machine. Currently stationed in OCHS Weight Room, B/G Locker Rooms, Nurses Suite and Wellness Center, OCIS Nurses Suite and Wellness Center, and OCPS Nurses Suite.

Chemicals/Materials/Supplies

- Diversey Oxivir Five 16 – one step disinfectant cleaner for non-porous surfaces. Daily application on all High Touch Surfaces (surface must remain wet for minimum (5) minutes). **Refer to High Touch Surface Examples.**
- Diversey J-512 Sanitizer – for all Food Contact non-porous surfaces. Daily application on all kitchen equipment, café table
