

OCSD COVID Exposure Quarantine Timeline

Symptomatic

If a person is COVID positive and has symptoms...

- Day 0 = Day the symptoms start

If a person shows COVID symptoms...

- At home – Consult PCP and stay home
- In school – Contact school nurse

Asymptomatic

If a person is COVID positive and has NO symptoms...

- Day 0 = Day of positive test

Close Contact

*Closer than 6ft, 15 minutes cumulative over 24 hours with or without mask.

If with someone who tested positive...

- Last day you were with that positive person is day 0
- Last day you were with positive person and they had symptoms is day 0

Only considered close contact...

- With a positive person in the 48hr time period BEFORE they tested positive. (Example: with positive person Monday morning, they test positive Wednesday morning.)

Clearance Letter

Clearance letter to return is required if...

- Student/Employee tests positive
- Employee is close contact

Clearance letter to return is NOT required if...

- Student is close contact

Please be advised: Students on school bus MAY be less than 6ft apart.
Masks are mandatory.
