Have fun!

OR

2. You will do 3 video journals.

- Each video should average between 1-2 minutes.
- You must record yourself in front of a solid background (hang up a dark sheet when you record) and ensure there are no lighting issues to distract from your signing.
- Respond to each prompt with your opinion – look up signs you do not know but need to include in your response. Rehearse before you record. This will be graded and an assignment throughout the year.

PROMPTS

- a. Describe an experience that was memorable over the summer. Include beginning, middle and end to the story, descriptions of where you were, who you were with and why it was memorable.
- b. Are you more of a beach person or a pool person and why?
- c. How does interacting with the Deaf community affect your signing? How does it affect your nerves? Is the nervousness worth the positive affect it will have on your signing ability? What do you hope to gain from ASL 3 Honors this year?
