

September 10th, 2021

Kathleen Moran
Ocean City High School
Ocean City, NJ 08226

Dear Kathleen,

It is with great pleasure that we enclose a certificate of achievement, in recognition of the superior efforts made by Ocean City High School to protect its young athletes. Your school is awarded the Second Team designation because it accomplished all requirements outlined in the Safe Sports School Award application.

We are proud of the Safe Sports School award and its recipients. It is not an easy award for which to qualify and you can be deservedly proud.

The National Athletic Trainers' Association is committed to assuring that young athletes are protected. This award is bestowed for a 3-year period and will expire on September 9, 2024.

By email, we have provided you with artwork that can be used to raise funds to buy equipment, supplies or other related purposes, or otherwise recognize your athletic staff and volunteers. Please note the Terms of Use provided with the artwork. Also, we have prepared a template for a press release, with which you can announce this achievement to the community.

The school will be listed with other recipients on https://www.nata.org/reports/Safe_Sports_Schools.

Congratulations on your achievement.

Sincerely,

A handwritten signature in black ink that reads 'Tory Lindley ATC'.

Tory Lindley, MA, ATC
NATA President

A handwritten signature in black ink that reads 'David Saddler'.
