Text/Novel(s) & Brief Description			
Approximate Time on Task			
		One Day Per Week beginning June 27th, 2022	
Suggested Timeline			
		To be completed and turned in the first day of the new school year.	
How It Will Be Assessed			
		I will be grading students using a rubric score of 1-5 for each journal entry based on the correct use of grammar and higher level thinking structures and vocabulary as well as ease of expression.	

Students need to keep a journal throughout the summer to be turned in at the beginning of the year. **They should write in the journal once a week (in French).** Each journal entry must be at least 250 words. Dictionaries can be used but try not to rely on them too much and never use a translator! (any work using translators will be given a score of "0") (please use pen) When unsure of words, students will refer to the site www.wordreference.com making sure to use the correct word and **underline** the words which are looked up.

I would like to have all journals in a (composition style notebook with bound pages). We will be using these journals throughout the year next year whenever we write essays in class.

What to talk about ?

Why not talk about things you've done, are going to do.....
A book that you read or a movie that you saw.....
An event (party, family gathering) that you attended.....
Anything at all that would be interesting other than your normal everyday routine ☺

For example- If the topic of discussion was Father's Day, I would write a journal entry on my father and what he means to me, does for me and my family and perhaps how I would be like him or different than him in the future. That would be a different approach rather than just stating thatI went to church.....went out to breakfast.....went home and cleaned my room..etc. Try to use the past, present and future tense. Students are to be careful with "etre" vs "avoir" passe compose verbs. They need to use good adjectives and remember that "BAGS" precede the nouns they modify!

USE A PEN!

Merci et bon courage!
