Fall 2022 ASL 3 HONORS

****All students should complete ONE of the options below.**

Choose any song and do a conceptually accurate translation, including sign play and classifiers as much as you can.

- The ASL Gloss for the translation must be typed and turned in.
- Identify 10 new signs you learned from the translation process and prepare to share with them with the class.
- Write a 6-8 sentence reflection explaining parts you are particularly *proud of*.
- Submit a video recording of yourself signing the song translation you have created.

OR

Record 3 video journal responses.

- Each video should average between 1-2 minutes.
- You must record yourself in front of a solid background (hang up a dark sheet when you record) and ensure there are no lighting issues to distract from your signing.
- Respond to each prompt with your opinion – look up signs you do not know but need to include in your response. Rehearse before you record. This will be graded.

PROMPTS

- Describe an experience from the summer. Include beginning, middle and end to the story, descriptions of where you were, who you were with and why it was memorable.
- Are you more of a beach person or a pool person and why? Who do you go to the beach with and where? What do you like to do when you are on the beach? Who do you go to the pool with and where?
- How does interacting with the Deaf community affect your signing? How does it affect your nerves? Is the nervousness worth the positive effect it will have on your signing ability? What do you hope to gain from ASL 3 Honors this year?
